

Christopher J. Leaver

Emeritus Professor of Plant Science and formerly Sibthorpe Professor and Head of Department of Plant Science 1990-2007, University of Oxford. Chair Executive Committee UK Biochemical Society 2005-2007. Trustee Natural History Museum, London 1997-2006. Trustee John Innes Foundation since 1987 and Governing Body Member John Innes Centre, Norwich. Founding Trustee and Executive Committee member of Sense About Science (senseaboutscience.org). Visiting Professor University of Western Australia, 2002-. Elected Corresponding member 2003 and Inaugural Fellow 2007 American Society of Plant Biologists. T H Huxley Gold Medal Imperial College 1970. Tate and Lyle Award the Phytochemical Society of Europe, 1984, Humboldt Prize 1997. Member of the European Molecular Biology Organisation 1982. Council, 1991-97, Vice Chair, Chair of the Council 1996-97. Chair University of Oxford Technology Transfer Advisory Group 1996-2000. Director, Isis Innovations Ltd. 1996-2002. Member GM Science Review Panel for HM Government 2002-04. Chair, External Scientific Advisory Board for the Institute of Molecular and Cell Biology, University of Oporto, Portugal Committee for Scientific Planning and Review, International Council for Science, Paris, 2006-. Scientific Advisory Board of Australian Research Council Centre of Excellence in Plant Energy Biology, WA 2005- Member of the International Advisory Panel of National University of Singapore Graduate School (2006-Chair 2009-) 2006-. Advisor in Biological Sciences to the Carnegie Trust for the Universities of Scotland. Research interests include the molecular, biochemical and cellular basis of plant development, the regulation of mitochondrial biogenesis and programmed cell death in plants. GM crops and food security. He is committed to creating a dialogue and informing the public understanding of science and has experience of working with the media in the UK and overseas.
