Tieniu TAN

Tieniu Tan received his B.Sc. degree in electronic engineering from Xi'an Jiaotong University, China, in 1984, and his M.Sc. and Ph.D. degrees in electronic engineering from Imperial College of Science, Technology and Medicine, London, U.K., in 1986 and 1989, respectively. In October 1989, he joined the Computational Vision Group at the Department of Computer Science, The University of Reading, Reading, U.K., where he worked as a Research Fellow, Senior Research Fellow and Lecturer. In January 1998, he returned to China to join the National Laboratory of Pattern Recognition (NLPR), Institute of Automation of the Chinese Academy of Sciences (CAS), Beijing, China, where is currently Professor and Director of the NLPR, and a former Director-General of the Institute (2000-2007). He is also a Deputy Secretary-General of the CAS and the Head of the Department of Automation, The University of Science and Technology of China (USTC). He has published more than 300 research papers in refereed journals and conferences in the areas of image processing, computer vision and pattern recognition. His current research interests include biometrics, image and video understanding, information hiding and information forensics. Dr Tan is a Fellow of the IEEE and the IAPR (the International Association of Pattern Recognition). He has served as chair or program committee member for many major national and international conferences. He is or once served as Associate Editor or member of editorial boards of many leading international journals including *IEEE Transactions on Pattern Analysis and Machine Intelligence (PAMI)*, *IEEE Transactions on Automation Science and Engineering*, *IEEE Transactions on Information Forensics and Security*, *IEEE Transactions on Circuits and Systems for Video Technology*, *Pattern Recognition*, *Pattern Recognition Letters*, *Image and Vision Computing*, etc. He is Editor-in-Chief of *the International Journal of Automation and Computing*, and *Acta Automatica Sinica*. He is Chair of the IAPR Technical Committee on Biometrics, a founding chair of the IAPR/IEEE International Conference on Biometrics (ICB) and the IEEE International Workshop on Visual Surveillance. He currently serves as the Executive Vice President of the Chinese Society of Image and Graphics. He has given invited talks and keynotes at many universities and international conferences.
